

New opportunity for water efficiency!

Would you like to change your water wasting sprinklers to an efficient drip irrigation system? DWP is now offering a special program to help Corona residents make the change!

How to Qualify

- Must have an area of shrubs/bushes on sprinklers (one valve or zone)
- Complete and submit an application to DWP by September 26th
- Provide photos of the area you plan to convert

What You Get

- Class on how to build and install a drip system (required)
- Drip irrigation kit with the equipment you need to convert an area of shrubs/bushes
- Free follow up class October 22nd to get your questions answered and troubleshoot with experts in drip irrigation

APPLY NOW!

The required class will be held Saturday, October 1, 2016 at Corona City Hall. You must apply and receive approval to participate.
